01

Web Design

Let's face it, the look and flow of your website represent your business, and it is, in fact, the first point of contact between you and your future customers. That is exactly why leaving a great first impression with modern, yet simple, pages that load quickly is essential for your website, when reaching the target audience, to make your business successful. We, at Executive Digital, can help create your visual identity just the way you want, and to perfectly suit your line of work.

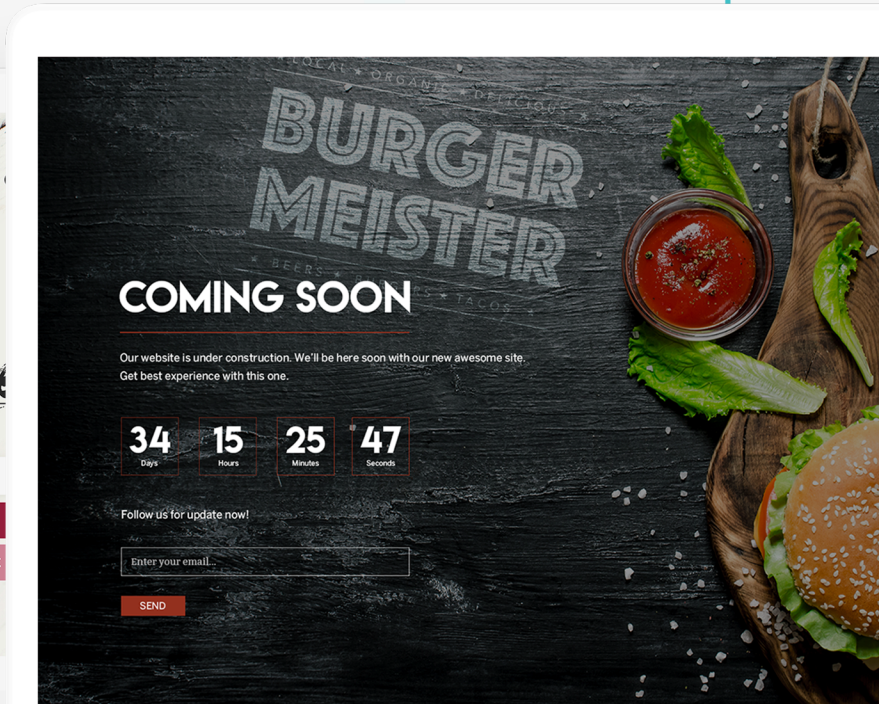

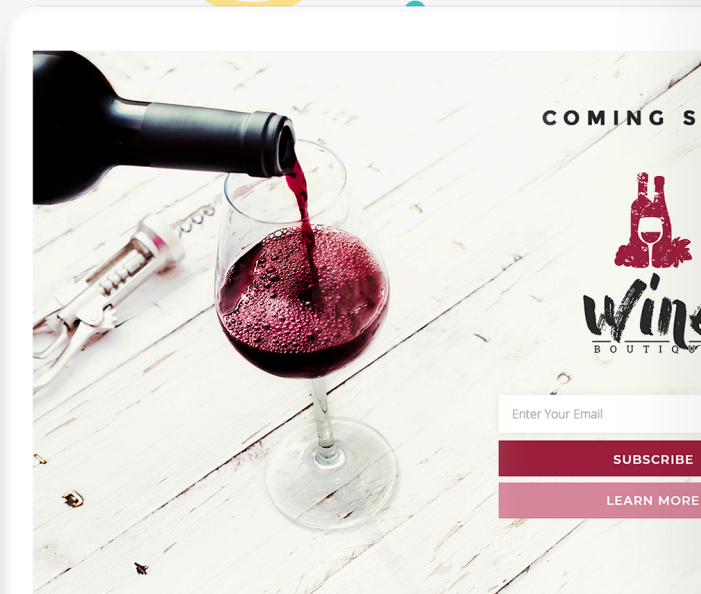

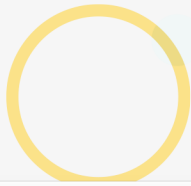

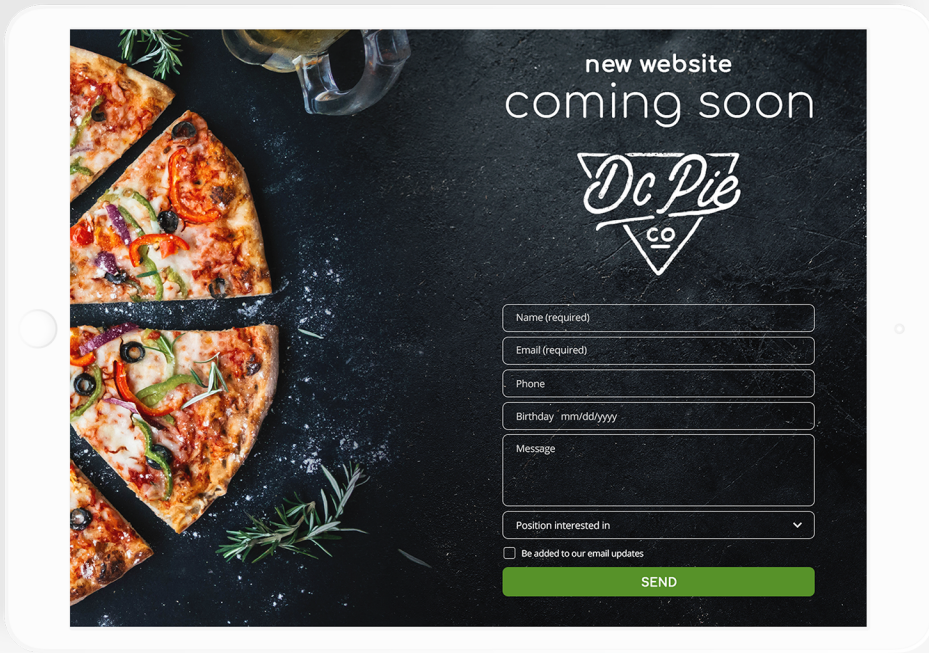

02

Landing Page Design

The landing page is an important part of online marketing strategy for your business: it is the page where potential customers end up by following call-to-action, and where they become buying customers. In order to create promotion-specific landing pages, that will help your business become successful, you'll need to dedicate your time to customization and design. Save your precious time by letting us, at Executive Digital, do the work for you, while you focus on your business!

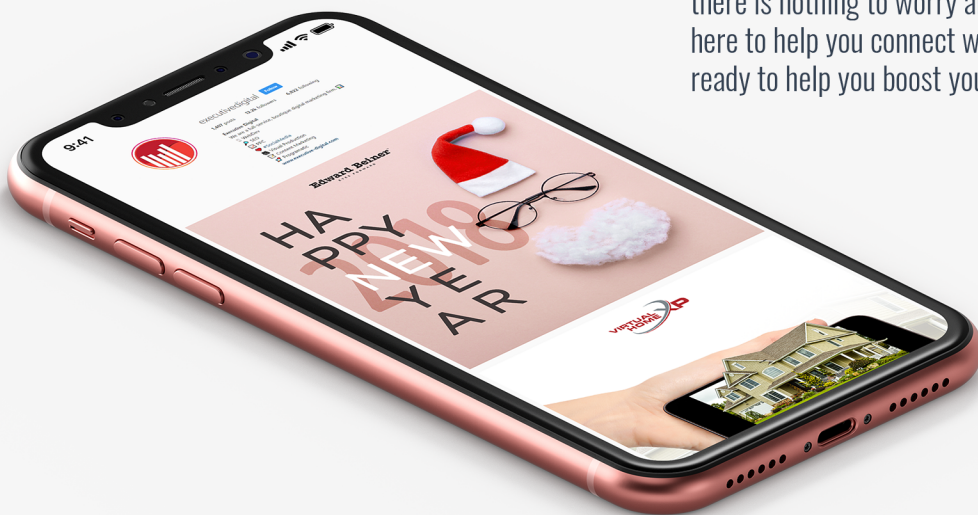

03

Social Media Design

As a business owner, you are surely familiar with the impact of social media marketing on potential customers. Since we live in an era of rapid technology development, the chances are that the impact will only become more widespread and even stronger. But, there is nothing to worry about because our Social Media team is here to help you connect with your customers. Executive Digital is ready to help you boost your business!

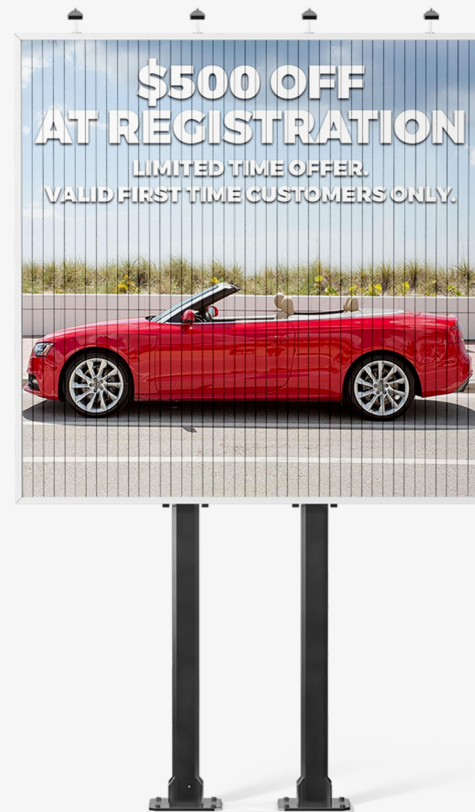

04

PPC Banner Design

PPC or Pay Per Click is an online advertising tact that encourages potential customers to click on a paid listing which is connected to the search results of a specific product. What does this mean for your business? Well, PPC means you will only pay when the customers actually click on the paid search listing. And once they reach your landing page, they will be able to contact you using the option of your choice. We, at Executive Digital, specialize in PPC strategy and can quickly convert potential customers into paying customers.

05

Logo Design

Logo design is a big part of a business's visual identity; it is a symbol that is used to help promote public identification and brand recognition. It is essential to create a simple and unique design, compatible with your line of work, that your potential customers will easily remember and recognize. Executive digital is here to help you find the best and most creative solution for your logo.

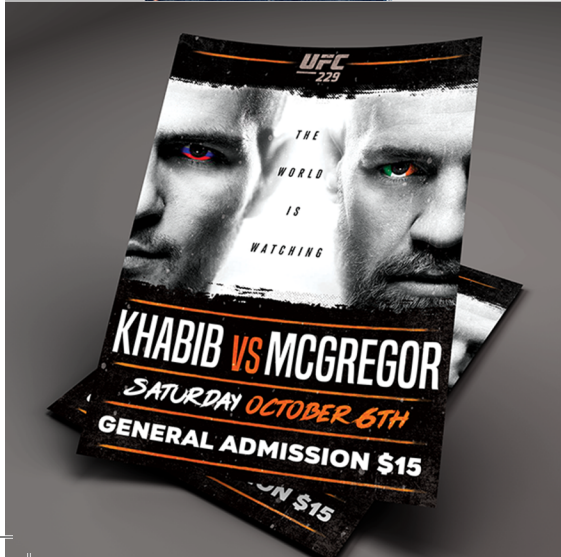

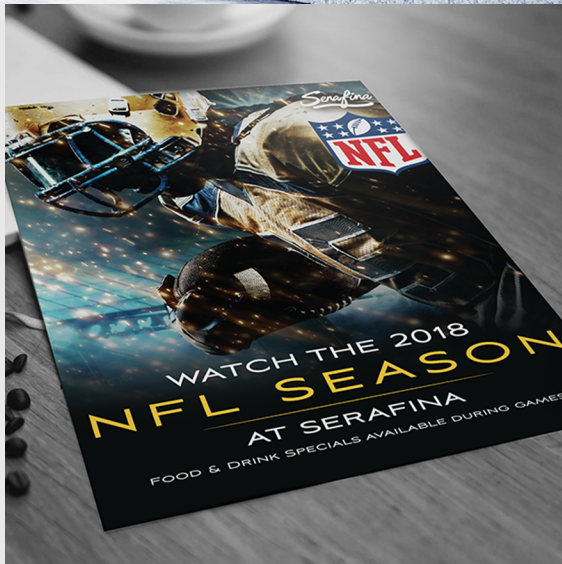

06
